Fourteen competitors braved scorching morning heat to run a SCORE-O event at Greasewood Park on June 16, 2013. The goal was to record the code on as many of the permanent concrete O-markers in 90 minutes or less, with 10 points awarded per marker and -10 for each minute over time. Several runners aced the course, with 5 competitors or teams finding all 32 markers, for a score of 320. Ludwig Hill's pace was a sizzler, at 38:21 elapsed time.

The meet director, **Mike Thompson**, thanks the volunteers who assisted with registration and other duties. **GeeGee Larrington**, **Ludwig Hill** and two new volunteers, **Kerry Dorsey** and **Tracy Robbins**, helped with set up and getting runners started. **Peg Davis** conducted a beginner's clinic. Hopefully everyone headed for a cool place after the course closed at 10:30 AM.
