If you didn't attend the Box Canyon orienteering event April 2nd, you missed out on a great opportunity to hone your navigation skills on a course set by **Jeff Brucker**. We had perfect weather conditions for orienteering in these beautiful rolling hills with lots of reentrants.

We had a 2-hour and a 3-hour competitive Navigation Race. Our only 2-hour finisher, **Don Fallis**, scored an impressive 660 points. The easiest controls counted 10 points; more difficult ones counted up to 40 points. There were a total of 39 controls ([see the map here, with optimum route shown](#)). In the 3-hour category, **Bret Sarnquist** came in 2 min and 40 sec faster than **Ron Birks**; both scored a perfect 990 points ([see Ron's actual route here](#)).

For those who wanted to work on their navigation skills, we offered a 2-hour recreational Map Trek. To introduce beginners to this sport, **Jeff Brucker** held a navigation clinic. There were plenty of easy controls for novices. I hope to see all those who were new to orienteering again in the future.

I want to thank **Jeff Brucker** for all his hard work in setting the course, and my children, **Jodi, Jonathan, Jaret, Julie**, and **Jenny**, for helping me with meet director duties.
