## Broadmoor Street-O Results -- 7/10/13

- [Print](#)

### Details

Written by Peg Davis

What a beautiful evening to spend in the Malvern mini-plaza with some old and new buddies. The temperature had dropped to 85 degrees by 5 pm with not a drop of rain falling. The crowd was about half people from the Broadmoor neighborhood trying out orienteering for the first (and hopefully, not last) time and old salts from the club.

Some neighborhoodlians were surprisingly competitive. People did a lot of counting roofs on the aerial photo map made by **Ludwig Hill** to find the neighborhood feature in the control circle. I was a little surprised at the number of incorrect answers and I had to correct for my question with many more correct answers than I listed. I was very happy to see the course swept in just under the time limit. **Don Fallis** won the wettest map turned in award while **Dave Follette** returned the map with the biggest hole chewed out. One of these days I'll remember to make the answer sheets on heavier paper.

Thanks go to **Ludwig** for making the map and **Katie Ziegweid** for helping run the meet. **Katie** will be the course setter at the next Street-O on Monday July 15 where we hope to see you all. **Peg Davis** -- Course Setter.

### Results

Name	Correct	Incorrect	Overtime	Total
Ludwig Hill	26	0	0	26
David Follette	25	1	0	24
Don Fallis	24	2	0	22
