December 15th dawned as a clear, crisp morning, perfect for running courses. Those that ignored the holiday chores and came out to join us had a challenging time on courses set by **Mark Everett**. Afterwards, competitors enjoyed a lively discussion regarding individual route choices, especially on the Red course. The network of dry washes, faint trails and subtle elevation changes demanded constant attention - all agreed that losing contact with the map resulted in losing many minutes on the course.

A few new faces joined us; **GeeGee Larrington** brought a friend-for-free, **Sarah Keyt** joined us from the Cascade O-Club and **Pam Schlottman** came out for her second meet since joining TOC last month. We also had opportunity to welcome back long-time seasonal members **Max Suter** and **Leif Lundquist**.

A huge Thank you to **Mark Everett**, who set White, Yellow, Orange, Green and Red courses for the event. Most favored Red and Yellow courses, and surprisingly no one went out on the White course! The Timing table was manned by **Brad Poe**, who ensured staggering start times to avoid bottlenecks on the Green/Red courses and that everyone returned.

Another huge Thank you goes out to our control retrievers. Not only did 36 controls get put out, they also had to be gathered up. **Mark Everett**, **Ludwig Hill**, **Leif Lundquist** and **Max Suter** stepped up and volunteered. We really appreciated their assistance - Thank You!!

Wishing you Happy Holidays!

Until next time when we hope to see you at Cat Mountain.
