Jeff Brucker has added another Street-O venue to our map collection. He used control locations both in the park and the surrounding neighborhood for multiple choice questions. Of the 21 people who attended, we had two runners (**Alan Craig** cleared the course in 45 minutes), many strollers, some old faces (we were very happy to see that board member from the 1990's) and some newcomers. We were all out of the park by 9 am. New board position holders and apprentice course setters may have been recruited. A strong contingent from the Southern Arizona Hiking Club came back alive. We hope all of you come back again!
