## University of Arizona Results -- 10/7/11

- [Print](#)

### Details

Written by Wolfsong

This was the largest turnout yet for our night-O series and for that impressive showing we wish to recognize the **Sahuarita H. S. Navy ROTC** which fielded 4 strong teams for two-thirds of our attendees.

In all we had a total of 33 participants eclipsing the previous high of 31. Way to go! Participants had to chase down as many of the 25 controls as possible in the 45 minute time limit.

While everyone was out on the course **Dave and Kate Follette** dropped by to set up our new club feather banner to greet returnees. It looks really sharp and if you missed this first chance of seeing it, you should stop by the club booth this coming weekend at the Tucson Meet Yourself event in downtown Tucson where it will be on display. Check website for details.

Now back to our results. **Mark Everett** lead the field, returning in 39:07 with a perfect score. **Ludwig Hill** returned 21 seconds over the time limit after also having punched all 25. Then we had the really competitive ROTC teams. Here's how the scoring worked. Ten points per control minus 10 points per minute late (or part minute) plus bonus points for control retrieval. In the end I awarded 35 points to each team for control retrieval, not X points per control which would've been unfair to one team when we ran out of more controls to pick up (this change did not affect the standings and are more in line with the spirit shown). It was the 4 ROTC teams who collected all controls for us--great spirit, great effort.

I also want to give recognition to the help received prior to the start by **Sue Wenberg** and **GeeGee Larrington** in registering everyone as well as to **Peg Davis** who once again lead the Beginner's Clinic. When we all pitch in it makes the organizer's job so much easier.

We'll try to come up soon with a date for the next one of these for you to plan on. Check the website. By the way, I was asked for the website by one of the attendees. Please know that this information is printed on the map along with the club address. Keep your map to show others and to rethink how you might have done the course differently. If you lose your map or forget the site name you can always google Tucson Orienteering and come up with it. When you are travelling you might also wish to type in the state and the word orienteering to see if there is something you can fit into your schedule as there are clubs all over the nation (and world).

Okay, now the details. One more thing: If you failed to check either competitive or recreational on your entry form, I automatically tallied your score. If you'd rather that not be done, check recreational next time. Thanks to everyone who took part.

<u>Individual Results:</u>	<u>Points</u>
1. Mark Everett	250
2. Ludwig Hill	250-10 = 240 (45:21)

3. Peg Davis 130
4. Mike Byers 110

**Team Results:**

1. Bluto  $150 + 35 = 185$
2. M.A.N.A.F.  $140 + 35 = 175$
3. Team Beat Moolinet  $120 + 35 = 155$
4. Chocolate Thunder  $110 + 35 = 145$
5. Iler  $130 - 10 = 120$  (45:19)
6. Streng 80

**Recreational:**

Gee Gee Larrington  
The Squirrel  
Helen Deluga
