Details

Results for Saturday and Sunday

For splits for both days, go to our [Racing Splits](#) at attackpoint.org, or go to WinSplits for [Day 1](#) and [Day 2](#). To draw your route and compare with others, see [RouteGadget](#).

On Saturday our first day, it was overcast but thankfully without wind or rain. Sunday skies were sunny but it was a bit nippy, at least for us desert rats, as the second day of the Tucson O meet started at the Ironwood Picnic Area in the Tucson Mountains.

We had a good turnout of more than 60 participants from novice to Blue-Class orienteers. Times of the Blue-Class orienteers were awesome.

We heard no complaints from any of the orienteers about the courses, maps, registration, etc. Pre-registration worked great as it cut down on the time and paperwork normally required to get the meet started.

Leif Lundquist spent untold hours setting the White, Yellow, Orange, Brown, Green, Red and Blue courses plus checking their locations on the maps with his GPS unit. **Valerie Meyer, Jaxon Rickel** and **Leif** made sure the SI system worked to near perfection, including printing out times around the courses for all orienteers. **Peg Davis** introduced newcomers to orienteering with her beginner's clinic.

We had plenty of volunteers for control retrieval: **Ludwig Hill, Mike King, Mike Minium, Cristina Luis, John Maier, Mark Parsons, Jeff Brucker, John Little**.

Saturday after the meet, **Cristina Luis** led a dozen orienteers on a 10K trail run north of the meet site: some went fast and others only half.

Meet directors **Jeff Brucker** (Saturday) and **Pete and Judy Cowgill** (Sunday) made sure this whole event went smoothly.

Ironwood Saturday Results

Pl	Name	Club	Time
Blue Sat	(6)	9.7 km 0 m 20 C
