Details

Written by Nancy Coker

The event at Slavin Gulch took place under some wonderful and much appreciated cloud cover last weekend. The area was beautiful and the courses were challenging and fun. Approximately 20 people ventured out to the foothills of the Dragoon Mountains to experience the five courses designed by **Larry Pedersen**, setting in Arizona for the first time. Larry even talked some of the people camping in the area to try orienteering for the first time and they had a great time!

An Orienteer Running Towards the First Control - Photo by Ludwig Hill

As usual there are many people to thank for helping make this event possible. A huge thanks to **Larry Pedersen** for the countless hours he spent in the area designing and setting the courses. Thank you to **Peg Davis** for being the co-meet director and to **Alexis Mills** for helping with registration. Thanks to our control collectors, **Ludwig Hill, Peter Hutter, Mike Cagle, Gregg Townsend & Peg Davis**, for helping Larry and I collect the controls. We even made it out before the thunderstorm hit. Thank you to **Ross Burnett**, who

traveled all the way from the Yukon, for helping us struggle to put up the shade cover, surprisingly unneeded due to the clouds. And a special thanks again to Larry for providing the opportunity for some great “couple” time to **Jeff Coker** and I while we completed the vetting. If you missed the event this year, make sure to put it on your calendar and make the drive out to Slavin Gulch next time, because it is a very interesting and scenic area in which to orienteer!
