Kentucky Camp Results -- 3/20/11

Details

Written by Dave Follette

It was a beautiful March Sunday in the rolling brown hills of Kentucky Camp. **Jeff Brodsky's** three weekends of course preparation and course setting were well appreciated by the 7 teams and 18 individuals who braved the 49 control, two and three hour score-O. Although there were no weather issues or animal problems, there was an unexpected archery competition taking place at Kentucky Camp, right in the middle of the map! Fortunately, Jeff went through all 100 maps to draw in the "off limits" area, and we all completed the course unscathed (by arrows), although few were able to avoid the Cat's Claws.

Special thanks to **Gail Brodsky** and **Elliott George** for hanging controls, and Gail for the wonderful cookies. Also, a special thanks to **Jeff Brodsky**, who after setting for us, went the extra mile to man the timing table. **Peg Davis** ran two separate beginner's clinics before heading out on the course. **Kate Follette** whisked us all through registration and an eager team of ten stayed to collect the 49 controls: **Jeff Brodsky, Jeff Brucker, Mike Cagle, Mike King, Dave Follette, Kate Follette, Ludwig Hill, Larry Lamb, Leif Lundquist** and **John Maier**.

A few notes on the results: Punches and scoring were checked and double checked by Jeff and Dave. Everyone with times over two hours were automatically placed into the three hour category, and each minute (or fraction thereof) over 3:01 was assessed 5 penalty points. **Wolfsong** (aka John Maier), had the highest point total of the day, with 250 of a possible 350 points, and 35 out of 49 controls punched.
