We again had perfect conditions, including light breezes, clear air, and crystalline 50 plus mile views south to the snowy north slopes of the southern ranges. It was 70 to 75 degrees all day. We had a good barbeque pot luck and campfire.

Ludwig Hill seriously dominated the orienteering.

Many, many thanks to Keith McLeod for manning the registration and timing for three events. Many thanks to Glenn, Kelly, Leif, Ludwig, Mark, Ron, Larry, Dusty, and Tish for going back out in the bouldering veld to retrieve two days' worth of controls. Thanks to Nancy Potenza for hosting a string-O of sorts. Thanks again to Ludwig for helping with the map.

Saturday's events were an easy score-O with a four-hour time limit and a mountain bike option. Four people rode mountain bikes:

riders	points	time in minutes
Mike Wilke	690	121:05
