Cat Mountain Results -- 1/23/11

- [Print](#)

Details

An impressive 76 orienteers made the 800 m trek up to the start at the breezy saddle for our meet at Cat Mountain on January 23, 2011. These lucky athletes enjoyed white, yellow, orange, brown, and red courses designed by **Cristina Luis**. This meet had great turnout partially due to visitors from other clubs including young **Springer Moore**, who was the highest placing non-JROTC participant on yellow. **Kathy King** represented the DVOA club, and **Debra Allen** from the Phoenix club enjoyed finishing her first course here in Tucson. **Don Fallis** and **Alex Savine** were the brave few who chose the motala course (comprised of doing the red, orange, and yellow courses in a row). **Team Bluto** was the fastest JROTC team from Sahuarita High School on both the white and yellow courses. Other teams were very successful with **Laura Flynn** and **Eddie** winning the white course and then trying their hand at the yellow course. **Greg and Pat** won the orange, and **Lost with Pat** won the brown course. **Mark Everett** won the red course with more than an 8 minute lead.

A big thanks to **Cristina Luis**, **Jesse Driscoll**, and **Dave Follette** for helping out at registration and timing, and to **Ludwig Hill**, **Jeff Brucker**, **Mike Cagle**, **Mark Everett**, **Mark Parsons**, and **Wolfsong** for retrieving controls.

Orange, Brown, and Red runners can enter their splits to compare with other runners on [Attackpoint](#) as well as draw their routes on [RouteGadget](#) to compare routes!
