The Santa Catalina mountains provided the backdrop for a perfect fall day of orienteering at Catalina State Park! We had a great turn out of both new and veteran orienteers.

Zeba Basu, a first time orienteer, cleared the short course in the fastest time. **Kevin Adams** made the trip down from Flagstaff to claim the title on the medium course. And **Erik Ringes**, out of Phoenix, bested the field on the long course. Several orienteers were lucky enough to encounter a roving herd of javelina and we had a freeloader try to get in on the action (see pic). Special thanks to **Kevin Adams** and **Gregg Townsend** for helping with control pick-up! It was great to meet new orienteers and catch up with old friends. Keep up with the Tucson Orienteering Club on the club's website (www.tucsonorienteeringclub.org), Facebook and Meetup for notices on future events. The [Phoenix Orienteering Club](#) also has a few events in the near future. We hope to see everyone at a future orienteering event!
